Annual Index

Volume 19

A

American colonial economic history: A review essay. G. L. Main. 19(1):27–31.
Availability of kin and the demography of historical family structure. S. Ruggles. 19(3):93–102.

B

Barron, H. S. Rediscovering the majority: The new rural history of the nineteenth-century North. 19(4):141–52.
Bouchard, G. The process of ambiguous links in computerized family reconstruction. 19(1):9–19.

C

Classifying causes of death during the late nineteenth and early twentieth centuries: The case of German infant mortality. H. J. Kintner. 19(2):45–54.
Cornell, L. Household studies: A review essay. 19(3):129–34.

D

De Brou, D., and M. Olsen. The Guth algorithm and the nominal record linkage of multi-ethnic populations. 19(1): 20–24.

E

Ecological regression and the analysis of voter behavior. R. A. Roth. 19(3):103–17.

G

Gagan, D. P., P. J. George, and E. H. Oksanen. On regression models with observation-specific dummy variables. 19(1):5–8.
Galenson, D. W., and D. S. Levy. A note on biases in the measurement of geographic persistence rates. 19(4):171–79.
George, P. J., E. H. Oksanen, and D. P. Gagan. On regression models with observation-specific dummy variables. 19(1):5–8.
Goldstone, J. A. How to study history: The view from sociology. 19(2):82–84.
The Guth algorithm and the nominal record linkage of multi-ethnic populations. D. De Brou and M. Olsen. 19(1):20–24.

H

Heller, C. F., Jr., and J. T. Houdek. Searching for nineteenth-century farm tenants: An evaluation of methods. 19(2):55–61.
History and anthropology: A dialogue. D. I. Kertzer, D. B. Rutman, S. Silverman, and A. Plakans. 19(3):119–28.
Houdek, J. T., and C. F. Heller, Jr. Searching for nineteenth-century farm tenants: An evaluation of methods. 19(2):55–61.
Household studies: A review essay. L. Cornell. 19(3):129–34.
How to study history: The view from sociology. J. A. Goldstone. 19(2):82–84.

K

Kertzer, D. I., D. B. Rutman, S. Silverman, and A. Plakans. History and anthropology: A dialogue. 19(3):119–28.
Kintner, H. J. Classifying causes of death during the late nineteenth and early twentieth centuries: The case of German infant mortality. 19(2):45–54.
Kousser, J. M. Must historians regress? An answer to Lee Benson. 19(2):62–81.
Kulikoff, A. Migration and cultural diffusion in early America, 1600–1860: A review essay. 19(4):153–69.

L

Levy, D. S., and D. W. Galenson. A note on biases in the measurement of geographic persistence rates. 19(4):171–79.
The log percent (L%): An absolute measure of relative change. C. Wetherell. 19(1):25–26.

M

Main, G. L. American colonial economic history: A review essay. 19(1):27–31.
Migration and cultural diffusion in early America, 1600–1860: A review essay. A. Kulikoff. 19(4):153–69.
Modell, J. Surveying subjective phenomena: A review essay. 19(1):32–36.
Must historians regress? An answer to Lee Benson. J. M. Kousser. 19(2):62–81.

N

A note on biases in the measurement of geographic persistence rates. D. W. Galenson and D. S. Levy. 19(4): 171–79.

O

Oksanen, E. H., D. P. Gagan, and P. J. George. On regression models with observation-specific dummy variables. 19(1):5–8.
Olsen, M., and D. De Brou. The Guth algorithm and the nominal record linkage of multi-ethnic populations. 19(1): 20–24.
On regression models with observation-specific dummy variables. D. P. Gagan, P. J. George, and E. H. Oksanen. 19(1):5–8.

P

Plakans, A., D. I. Kertzer, D. B. Rutman, and S. Silverman. History and anthropology: A dialogue. 19(3):119–28.
